

## **AUTHORIZATION FORM FOR UTILITY COMPANIES**

Upon your application being approved you will be responsible to transfer the electricity and gas service into your name as of your move in date. Please provide Ferris Park Towers with your Lansing Board of Water and Light confirmation number.

Should it come to the attention of Frankel Management that Lansing Board of Water and Light no longer has an account for your electricity and/or gas for the apartment under lease with Frankel Management Company, and you are still under lease, Frankel Management has the right to assess a \$50.00 service charge to your rental account, and your tenancy may be terminated with proper notice.

By completing this form you are giving Frankel Management the authorization to contact Lansing Board of Water and Light on your behalf, to ensure that the electricity and/or gas is properly placed in your name.
